

Chez Vous Application

Part C – My Motivations

Full Name: _____ Preferred Email: _____

Have you previously spent time in France or a francophone country? No Yes
If yes, *please briefly describe your experience there, including when, length of time, nature of visit, and most memorable impression?*

How does Chez Vous fit into your academic program as well as in your personal interests?

At this point in your life would you consider yourself to have made a personal commitment to Jesus Christ?
No ___ Yes ___ Not sure ___ *How would you describe the story behind where you are at right now in your faith?*

Have you been subject to any behavioral discipline at a college or university? If so, we do not need the fine details, but because of the unique circumstances of an international study program we would like to know your perspective on this experience? *(By signing this application, I also give permission to contact my college or university for a confidential reference.)*

By signing my name below, I understand that if accepted, I am affirming all of the following for the duration of Chez Vous . . .

That I am coming to participate fully in this semi-immersion experience, including speaking only French during the periods designated.

That in representing Christ, my home country, and my home University, I am fully committed to upholding the behavioral obligations of the scriptures, the code of my home University catalog, the customs of local believers in France, as well as Institute standards concerning security, relationships, and alcohol as detailed during this year's Orientation.

And that, in the unlikely event I fail to uphold this affirmation, I may be released from the program with possible forfeiture of all fees and with full responsibility for my own return home (including airline return ticket purchase or change fee).
